

### Fun Friends

Laurie Sacher, from Grass Valley, Calif., just left after spending two months studying Spanish here in Guatemala. She lived in Antigua, just

*Nell and Laurie*

a half-hour drive from our house, with a Guatemalan family and received Spanish classes five, sometimes six, hours a day. We loved having her spend weekends with our family!

### Waiting for Our New House

Our house is almost done! By the time you read this letter we hope to be moving, or at least packing our boxes. God has been so faithful in this process—a year and six months! Thank Him with us for this huge blessing!

*Our house is the first on the right.*

### Targeting Children

AWANA International, along with other children's ministries and our team, will be holding a forum in Guatemala City this month. The goal of this forum is to motivate the church to minister to its young people. The title of the forum is "4-14, Reaching the Children Between the Ages of 4 and 14 Years." Please pray with us as we watch God motivate leaders to teach the next generation!

### Latina 2006

Please keep praying with us for Latina 2006! We are in the process of putting together a work team of university students from our church to promote this conference in Guatemala. They are excited and ready to go! Pray that God opens the doors for those whom He would have attend. Pray for our time with this work group.
